COURSE OVERVIEW

About the programme

This **4-month Young Performer's Programme** focuses on Speech and Drama for our youngest learners. Designed with their developmental stages in mind, it aims to ignite creativity and imagination while building essential performance and social skills. Through engaging group activities and texts, students will explore the fundamentals of performing in a group reader's theatre presentation, fostering confidence, teamwork, and self-expression. The final objective is for students to take the Trinity College London group certificate assessment, which emphasises use of voice and body, performing in front of an audience, and working as a team. By the end of the course, students will have developed valuable performance skills and enhanced their confidence in self-expression.

Performing Arts skills are learnt and developed over time and we allow the student to take their time to grow and also encourage all the ways to express themselves. Each learner is unique and has their own growth journey.

Certificate from Trinity College London will be awarded on successful completion of the examination. Certificate from J's Academy will be awarded on successful completion of the programme.
