Programme Overview

Our **Live Online Programmes** are designed to develop essential skills in speech, drama and communication. Through a dynamic blend of voice work, movement and imaginative expression, students build confidence in self-expression and creative thinking. The sessions also introduce key techniques in performance, presentation, improvisations and expressive reading. These skills are transferable across academic, professional and artistic fields.

Each group is intentionally kept small (maximum 8 students) and is led by an experienced facilitator, ensuring **focused guidance and meaningful interactions.**

We believe learning is a shared responsibility between student, parent and facilitator, and we strive to nurture a **community rooted in joy, kindness and a love for learning.**
